**NEWS RELEASE**

November 25, 2011

TSX-VENTURE: SBX

**Finders Fee Agreement - Pending Arbitration**

Sea Breeze Power Corp. has received a "Notice of Intention to Arbitrate" from Solas Energy Consulting Inc., ("Solas") with regard to a dispute concerning payment of a "finder's fee", and other alleged breaches of a "finders" agreement between the two companies.

The claim for payment of a finder's fee relates to a transaction by Sea Breeze Energy Inc. concerning the Cape Scott Wind Farm, originally announced by news release dated July 26, 2010, followed by a second news release announcing the closing of the transaction, dated June 27, 2011.

Sea Breeze considers the Solas claims to be completely without merit, and intends to mount an active defence against them.

The arbitration is scheduled to be heard in February, 2012.

**About Sea Breeze Power Corp.**

Sea Breeze Power Corp. is a Vancouver, Canada-based diversified renewable energy company focused on developing renewable energy projects, and implementing state-of-the-art technologies. Upon completion of construction, the Cape Scott Wind Farm will be the first operating power generation facility initiated by Sea Breeze, whose development team is presently investigating an additional 140,000 hectares for wind power development throughout British Columbia. Through a joint venture, Sea Breeze is also involved in development of large-scale, "smart grid" and environmentally-friendly electricity transmission projects, including the fully permitted 550 MW international "Juan de Fuca Cable", planned to interconnect Victoria, British Columbia with Port Angeles, Washington.

ON BEHALF OF THE BOARD OF DIRECTORS

"Paul B. Manson"
